

West Humboldt Park Special Service Area  
SSA #63

**Mission**

To position the Chicago Avenue commercial corridor as a desirable, safe, pedestrian-friendly destination, attracting new businesses and commercial development, retaining existing businesses, and improving the overall quality of life for West Humboldt Park residents.

**Vision**

The West Humboldt Park Special Service Area is being created to promote and encourage investment and revitalization of the Chicago Avenue commercial corridor. The general boundary of the SSA includes both sides of Chicago Avenue between Albany on the east to Karlov on the west.

Planned SSA services include corridor maintenance, marketing campaigns, security, and other improvements that would benefit the commercial district. These services support efforts to promote investment and revitalization along the Chicago Avenue commercial corridor and to improve the overall quality of life in West Humboldt Park over the next 5-10 years.

SSA funding is controlled and directed locally by an SSA Commission comprised of local business and/or property owners. All funding stays within the SSA for local direct benefit.
